

Policy #: 2.400

Effective: October 2004

Revised: October 2004*

Association Photography

Policy: It is the policy of Menomonie Youth Hockey Association (MYHA) to record history of the association through photography. In doing so, MYHA shall secure a photographer to take individual and team pictures as well as action photography for select tournaments throughout the season. Pictures or digital images of teams, competition, individuals and/or association events may be captured for publication or display in/on the communication tools of the association.

Procedure:

1. The General Operations Committee Chair or designee shall secure a photographer for MYHA picture night and action photography for the select tournaments. The selected photographer shall be reputable and live or have his/her business within the MYHA service area.
2. The General Operations Committee Chair or designee shall schedule and coordinate picture night to avoid as many skater conflicts as practical (Ie: Menomonie High School Football playoffs have traditionally been around the same time as picture night).
3. Communication about picture night shall be distributed to all members and may be done through postings at the arena, handouts distributed by Team Managers, Cougar Chatter, etc.
4. Picture order forms and fees shall be prepared by members and turned at the time of pictures.

This policy is issued by the General Operations Committee and approved by the Board of Directors.
